Dear Ms. Priya Ranjani,

Congratulations! You have been selected as a 2019 recipient of the Modale Fellowship Award. The Modale Fellowship is a fully funded program that allows recipients to expand their knowledge and skills in research by conducting independent projects under the guidance of University of Kansas Medical Center's (KUMC) faculty and principle investigators. Your semester long exchange will be from **August 5, 2019 to December 13, 2019** at KUMC.

During your program you will be enrolled as a student, allowing you to be exposed to research techniques and grant writing. You will also participate in an educational research project related to your research area of interest with a KUMC Primary Investigator. The University will provide you with work space (which may be shared), the use of a computer, and access to library facilities. Additionally, as an enrolled student, you will have access to all student services and facilities, including our fitness center.

As mentioned, you have been awarded a fully-funded scholarship, valued at **\$13,780**, to support this semester-long exchange as a Modale Fellow. This scholarship will cover all of your expenses related to this experience including your tuition, student fees, visa fees, travel costs and your room and board for the duration of your program. We have already reserved a room for you at our International Accommodations, which is located on the medical center campus at 3600 Rainbow Blvd, Kansas City, KS 66103.

To participate in the program, you will need to apply for a J-1 Exchange Visitor, student visa at your nearest U.S. consulate. KUMC's Office of International Programs will assist you in obtaining the necessary visa documents to secure a J-1 visa. Ms. Alexandria Harkins Porto [aharkinsporto@kumc.edu](mailto:aharkinsporto@kumc.edu) will be your main contact as you make preparations to come to KUMC.

We hope that during your time at KUMC your research skills will be strengthened; you will forge friendships and professional partnerships; and you will have a valuable cultural and educational experience that furthers your personal and professional goals. Again, congratulations and I look forward to greeting you here at KUMC in Kansas very soon.

Ms. Anita Kiruba Jayakumar  
Reader  
College of Nursing

Dear Ms. Anita Kiruba Jayakumar,

Congratulations!

I am happy to inform you that you have been awarded Senior Training Fellowship for the year 2020 – 2021.

The STF Committee after careful consideration has shortlisted you for the award of STF this year for a duration of 4 weeks [28 days].

Kindly get in touch with prospective centers that can provide you this training and send me copies of the letters of acceptance, preferably within the next one month.

Let me know your tentative travel plans before 1st October 2020. You must utilize this fellowship before 30th June 2021. Once your travel plans are finalized, you may apply for deputation leave and sign the service obligation papers before proceeding on leave so that funding can be organized.

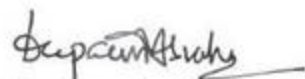

The service obligation for STF is one year. You are required to complete the service obligation before you proceed on study / sabbatical leave.

You will need to submit a report of your training on return to CMC; the report (in the specified format) is to be submitted immediately after your return and the second after one year.

Please let me know if I can be of any help to facilitate your plans.

With warm regards,

Yours sincerely

Sheela Durai, PhD  
Christian Medical College  
Vellore, South India

Dear Dr. Durai,

I am pleased to invite you to participate in the Johns Hopkins University School of Nursing (JHSON), as an International Visiting Faculty from September 1, 2022 to October 6, 2022. We believe that your educational skill sets, language comprehension and professional drive will make you a good match for our institution. This professional development experience will allow you to fully engage in learning opportunities, including lectures, seminars and workshops across the Johns Hopkins University that are open to Visiting Faculty.

The JHSON will provide a shared office space with desktop computers, access to computer labs, libraries and University wide resources including JHU Identification Card, exercise facilities, transportation services as well as the time and effort of faculty mentor. Your mentor will be Nancy Reynolds, PhD, RN, ANP, FAAN and Nancy Sullivan, DNP, RN.

All visitors are required to register their COVID-19 vaccination information and upload a certified English translation of the documentation on the Johns Hopkins University Vaccine Management System (VMS).

At this time, only FDA-authorized COVID vaccines will be accepted (Pfizer-BioNTech, Moderna, J&J/Janssen) as they have all shown effectiveness against known variants. Any individuals who have not received one of these vaccines must be revaccinated with a full course of one of these vaccines upon arrival, that is two doses, properly spaced, for Pfizer-BioNTech or Moderna, and one for J&J/Janssen.

Please note that this offer and all arrangements are contingent upon the fulfillment and completion of all necessary immigration documentation, visas, mandatory immunizations, licensing procedures and background checks before your expected appointment start date and maintaining valid immigration status and authorization throughout your stay at Johns Hopkins University. The JHSON Center for Global Initiatives will assist the visa process, if you need any additional information please contact the Center at [globalinitiatives@jhu.edu](mailto:globalinitiatives@jhu.edu).

You will not receive any compensation or health insurance as an International Visiting Faculty and you will be responsible for the cost of all of your travel expenses (international and domestic), health insurance, and living expenses in the U.S.

We look forward to having you with us.

Best regards,

*Nancy Reynolds*
