REPORT OF THE FIRE EMERGENCY MANAGEMENT MOCK DRILL

STUDENT NURSING HOSTEL HELD ON 04/02/2022

Description of the Exercise:

1. Mr. Reuban Gnanaraj, Safety Officer, along with the Quality and Safety team conducted the Fire emergency mock evacuation exercise for 'Student Nursing Hostel'.
2. Ms. Sonia Sabu, Professor CON, Ms. Sheeba Nelson, Professor CON, Mr. Reuban Gnanaraj, Safety Officer and Mr. Natarajan, Chief Fire Officer briefed the emergency evacuation protocol to the key emergency response team through an interactive session
3. The first response to the fire was emphasized thoroughly to them, since it is the crucial step to confine the hazard and minimize the risk.
4. The entire protocol and the roles and responsibilities of Staff / Student during emergency were briefly elaborated.
5. After briefing the protocol, the Staff / Student were asked to move to their respective areas.
6. Fire scenario was initiated in 3rd floor room number 312..... stating that "Smoke and spark started coming out from the mobile charging adapter connected to the electrical switch point", the student nearby was asked to respond to it.
7. The subsequent response was noted.
8. Issues were noted during the mock response to fire were discussed.
9. Attendance was recorded.

Consolidation of the mock drill flow

S. No	Description	Remarks	Time Difference
1.	Fire break out	Time: 11:58	11:58
2.	Did the Staff / Student 1 shout for help? If yes, time	Yes Time: 11:58	Within 1 minute
3.	Did the Staff / Student 1 try to extinguish the fire	Yes	
	Did Staff 2 inform the following response teams	Yes	Within 1 minute
	a. Fire Team 7100? If yes, time	Yes Time: 11:58	1 minute
	b. Main Campus CCC 8800? If yes, time	Yes Time: 11:59	1 minute
	c. Incident Commandant? If yes, time	Yes Time: 11:59	1 minute
	d. Floor Coordinator? If yes, time	Yes Time: 12:00	2 minutes
	e. Department Coordinator / Class Representative? If yes, time	Yes Time: 12:00	2 minutes

5.	Did the incident commandant inform warden on Level 1 fire? If yes did the warden announce in the PA System?	No	-
6.	Did the Fire team arrive? If yes time	Yes Time: 12:04	6 minutes
7.	Did the Security team arrive? If yes time	Yes Time: 12:04	6 minutes
8.	Did the Incident Commandant arrive? If yes time	Yes Time: 12:02	4 minutes
9.	Did the Floor Coordinator arrive? if yes time	Yes Time: 12:02	4 minutes
10.	Did the Electrical team arrive? if yes time	Yes Time: 12:05	7 minutes
11.	Did the AC team arrive? if yes time	Yes Time: 12:06	8 minutes
12.	Did the Medical gas team arrive? if yes time	Yes Time: 12:06	8 minutes
13.	Decision on level 2 evacuation made by the Decision-making team (Fire Officer, Incident Commandant and Floor Coordinators)	Yes Time: 12:08	10 minutes
14.	Did the incident commandant activate Warden on level 2 fire	Yes Time: 11:59	1 minute
15.	Did the incident commandant activate Dean CON on level 2 fire	Yes Time: 12:00	2 minutes
16.	Did the Warden alerted Level 2 by announcing through PA system as per the protocol	Yes Time: 11:59	1 minute
17.	Was the announcement heard in the speakers of all the floors? The announcement was manually	No	-
18.	Did the Incident Commandant guide the whole evacuation process	Yes	-
19.	Did the Floor Coordinator guide the evacuation process of the respective floor	Yes	-
20.	Time at which the Level 2 evacuation started	Time: 12:04	6 minutes
21.	Time at which all the staff / student reached the assembly point	Time: 12:10	12 minutes
22.	Fire Called Off at	Time: 12:11	13 minutes

DEVIATIONS NOTED

Expected Outcome (Vs) Actual Outcome

S.no	Expected Outcome	Actual Outcome
1.	Staff / Student who sees the fire will have to shout for help	YES
2.	Staff / Student 1 should try and extinguish the fire with the help of the nearest fire extinguisher.	YES
3.	Staff / Student 2 who is coming for help should inform Fire Office, Main Campus Central Command Center, Incident Commandant, Floor Coordinator	YES
4	Other Staff / Student involved in containing the fire (Except Staff 1 & 2)	NO
5.	Did the incident commandant inform warden on Level 1 fire If yes did the warden announce in the PA System?	NO
6.	Fire team arrived to spot with the required firefighting equipment	YES
7.	Did Electrical team arrived to the fire spot and took care of the respective system	YES
8..	Did AC team arrive to the fire spot and took care of the respective system	YES
9.	Did the LPG maintenance team arrived to the spot and took care of their system	YES
10.	Fire Officer assess and inform the level of fire to the Incident Commandant, Floor Coordinator	YES
11.	Decision making team (Incident Commandant, Floor Coordinator) decide and order for evacuation	YES
12.	Did the incident commandant activate Warden on level 2 fire	YES
13.	Did the Warden alerted Level 2 by announcing through PA system as per the protocol	YES
14.	Was the announcement heard in the speakers of all the floors?	NO
15.	Fire Officer activate CCC on Level 2 fire	YES
16.	CCC activate Specially Trained Security Guards, Engineering Heads and Critical Incident team through PA system and their respective emergency contact numbers.	YES
17.	Did the Security team arrived to the fire spot and helped clearing way for evacuation	YES
18.	Did the respective Engineering HOD / Sr. Engineer arrived to the spot and took control of their respective system	YES
19.	Did the Incident Commandant informed Dean CON about level 2 evacuation	YES
20.	Incident Commandant swiftly guide the whole evacuation process	YES
21.	Floor coordinator swiftly inform all the areas of the floor to start evacuation	YES

22.	Floor coordinators checked all the areas of the floor assigned to them and make sure that everyone is evacuated	YES
23.	Incident commandant guide the whole evacuation process	YES
24.	Floor coordinators performed head count in the assembly area and reported to the incident commandant	YES
25.	Incident commandant performed final headcount and reported to Chief Fire Officer	YES
26.	Did fire emergency is called off by the Chief Fire Officer	YES

- Total number of expected outcomes – 26
- Total number of actual outcomes – 23
- Total number of deviations – 03

ISSUES NOTED DURING THE DRILL

S. No	Observations	Dept. / Member responsible
1	It was difficult for the staff to unfold the extinguisher discharge tube that was kept folded in the extinguisher. All the discharge tubes in the extinguishers in SNH to be checked addressed.	Fire Services
2	<p>During the preliminary response to fire protocol, there was delay in bringing the fire extinguisher. The student who responded to fire brought the fire extinguisher that was kept far away from the fire spot. She did not see the extinguisher, which was very close to her as she was not aware of it.</p> <p>All Staff / Students should be oriented on the location of the fire extinguisher.</p> <p>It is recommended that during response to the initial fire alert Staff / Student who is hearing the alert (Excluding Staff 2) should bring additional fire extinguisher and to the fire spot.</p>	SNH
3	<p>Evacuation was started before the orders made by the decision making team. Everyone started evacuating on hearing the preliminary fire alert.</p> <p>All the Students / Staff should wait for the command of floor managers and the incident commandant before evacuation.</p>	SNH
4	<p>As per the instruction staff / student should stand two in a row and walk fast towards assembly point.</p> <p>During evacuation most of the students were running. This could lead to trip and fall.</p>	SNH
5	The PA system speakers during the announcement did not work.	SNH

Note:

1. Fire hydrant of Student Nurses Hostel was checked in the open space in front of Student Nursing Hostel. The pressure was found to be satisfactory.
2. The overall evacuation process was well coordinated by the Incident Commandant, Floor Managers and Class Representatives.

REPORT OF THE FIRE EMERGENCY MANAGEMENT MOCK DRILL

COLLEGE OF NURSING HELD ON 04/02/2022

Description of the Exercise:

1. Mr. Reuban Gnanaraj, Safety Officer, along with the Quality and Safety team conducted the Fire emergency mock evacuation exercise for 'College of Nursing'.
2. Ms. Sonia Sabu, Professor CON, Ms. Sheeba Nelson, Professor CON, Mr. Reuban Gnanaraj, Safety Officer and Mr. Natarajan, Chief Fire Officer briefed the emergency evacuation protocol to the key emergency response team through an interactive session
3. The first response to the fire was emphasized thoroughly to them, since it is the crucial step to confine the hazard and minimize the risk.
4. The entire protocol and the roles and responsibilities of Staff / Student during emergency were briefly elaborated.
5. After briefing the protocol, the Staff / Student were asked to move to their respective Departments and Classes.
6. Fire scenario was initiated in the simulation lab, 2nd floor stating that "Smoke and sparks started coming out from the monitor", the staff nearby was asked to respond to it.
7. The subsequent response was noted.
8. Issues were noted during the mock response to fire were discussed.
9. Attendance was recorded.

Consolidation of the mock drill flow

S. No	Description	Remarks	Time Difference
1.	Fire break out	Time: 10:58	10:58
2.	Did the Staff / Student 1 shout for help? If yes, time	Yes Time: 10:58	Within 1 minute
3.	Did the Staff / Student 1 try to extinguish the fire	Yes	
	Did Staff 2 inform the following response teams	Yes	1 minute
	a. Fire Team 7100? If yes, time	Yes Time: 10:59	1 minute
	b. Main Campus CCC 8800? If yes, time	Yes Time: 10:59	1 minute
	c. Incident Commandant? If yes, time	Yes Time: 10:59	1 minute
	d. Floor Coordinator? If yes, time	Yes Time: 11:00	2 minutes
	e. Department Coordinator / Class Representative? If yes, time	Yes Time: 11:00	2 minutes

4.	Did the Fire team arrive? If yes time	Yes Time: 11:02	4 minutes
5.	Did the Security team arrive? If yes time	Yes Time: 11:06	8 minutes
6.	Did the Incident Commandant arrive? If yes time	Yes Time: 11:04	6 minutes
7.	Did the Floor Coordinator arrive? if yes time	Yes Time: 11:04	6 minutes
8.	Did the Department Coordinators arrive? if yes time	Yes Time: 11:05	7 minutes
9.	Did the Class Representative arrive? if yes time	Yes Time: 11:05	7 minutes
10.	Did the Electrical team arrive? if yes time	Yes Time: 11:02	4 minutes
11.	Did the AC team arrive? if yes time	Time: 11:21	23 minutes
12.	Decision on level 2 evacuation made by the Decision-making team (Fire Officer, Incident Commandant and Floor Coordinators)	NO Once the Fire Officer informed level 2, the evacuation started without decision making team.	-
13.	Did the Incident Commandant guide the whole evacuation process	Yes	-
14.	Did the Floor Coordinator guide the evacuation process of the respective floor	Yes	-
15.	Time at which the Level 2 evacuation started	Time: 11:07	7 minutes
16.	Time at which all the staff/student reach the assembly point	Time: 11:10	
17.	Fire Called Off at	Time: 11:15	17 minutes

DEVIATIONS NOTED

Expected Outcome (Vs) Actual Outcome

S.no	Expected Outcome	Actual Outcome
1.	Staff 1 who sees the fire will have to shout for help	YES
2.	Staff 1 should try and extinguish the fire with the help of the nearest fire extinguisher.	YES
3.	Staff 2 who is coming for help should inform Fire Office, Main Campus Central Command Center, Incident Commandant, Floor Coordinator, Department Coordinator / Class Representative	YES
4	Other Staff / Student involved in containing the fire (Except Staff 1 & 2)	NO
5.	Fire team arrived to spot with the required firefighting equipment	YES

6.	Did Electrical team arrived to the fire spot and took care of the respective system	YES
7.	Did AC team arrived to the fire spot and took care of the respective system	No (Not on time) Delayed as they have to rush from Main Campus. Recommendation is mentioned below
8.	Did the LPG maintenance team arrived to the spot and took care of their system	No (Not on time) Delayed as they have to rush from Main Campus. Recommendation is mentioned below
9.	Fire Officer assess and inform the level of fire to the Incident Commandant, Floor Coordinator, Department Coordinator / Class Representative	YES
10.	Decision making team (Incident Commandant, Floor Coordinator, Department Coordinator / Class Representative) decide and order for evacuation	NO
11.	Fire Officer activate CCC on Level 2 fire	YES
12.	CCC activate Specially Trained Security Guards, Engineering Heads and Critical Incident team through PA system and their respective emergency contact numbers.	YES
13.	Did the Security team arrived to the fire spot and helped clearing way for evacuation	YES
14.	Did the respective Engineering HOD / Sr. Engineer arrived to the spot and took control of their respective system	YES
15.	Did the Incident Commandant informed Dean CON about level 2 evacuation	YES

- Total number of actual outcomes – 18
- Total number of deviations – 04

ISSUES NOTED DURING THE DRILL

S. No	Observations	Dept. / Member responsible
1	It was difficult for the staff to pull the seal (warranty seal) of the extinguisher. All the seals in the extinguishers in CON to be checked and removed.	Fire Services
2	<p>During the preliminary response to fire protocol, the scenario was escalated stating that “the fire extinguisher is exhausted, what are you going to do now?”</p> <p>There was delay in bringing the additional fire extinguisher. It is recommended that during response to the initial fire alert Staff / Student who is hearing the alert (Excluding Staff 2) should bring additional fire extinguisher and to the fire spot.</p> <p>All Staff / Students should be oriented on the location of the fire extinguisher.</p>	CON
3	<p>Decision on evacuation was not done before evacuation. Once the Fire Officer informed level 2, evacuation started.</p> <p>The Incident Commandant should take charge of the decision-making role, discuss with the floor managers and decide on evacuation.</p>	CON
4	<p>As per the instruction staff / student should stand two in a row and walk fast towards assembly point.</p> <p>During evacuation most of the students were running. This could lead to trip and fall.</p>	CON
5	<p>There was delay in AC and LPG manifold maintenance team to reach the fire spot as they have to rush from main campus.</p> <p>It is recommended to train the in house electrical technician on AC & LPG manifold handling to respond to emergencies.</p>	Campus Engineer

Note:

1. The CMC mini fire tender hydrant brought to the fire spot was checked in the central garden of College of Nursing. The pressure was found to be satisfactory.
2. The overall evacuation process was well coordinated by the Incident Commandant, Floor Managers and Class Representatives.
